

One of the historic subdivisions in northern Glendale, courtesy of Michael Morgan.

Glendale has a new Historic District ordinance complete with guidelines for how to enforce building standards. The Bonetto House featured in last month's Community Home Tour, has recently achieved landmark status with Glendale, the first home north of the Verdugos to do so. Come hear about how historic districting might be used to help preserve your neighborhood. Come share your thoughts on historic preservation via landmark designation.

**This meeting is free and open to the public.**
